Daboh Joined Nuhu Bamalli as a Senior Lecturer in 2006 and served as Head of Department of Building Technology for about four years before leaving them in December, 2014.

### 1. Schools Attended with Dates.

S/no	Name of school	Dates attended	Certificates Received
1.	Ahmadu Bello University Zaria	1996-2002	M. Sc Constr. Management
2.	Ahmadu Bello University Zaria	1983 - 1986	B. Sc. Building
3.	Katsina Col. Of Arts Sc. & Tech. Zaria	1980 -1982	IJMB Cert.
4.	Alhuda huda college Zaria	1975 - 1980	School Cert.
5.	Jampalan/ Ikara Central Pri. School	1969 - 1975	Pri. Sch. Cert.

### Summary of work experience

S/No	Project/Workplace	Rank	Year
1	Kaduna State University	Lecturer	2017 - Date

Employed by Kaduna state university as a lecturer in 2017 and sent to quantity surveying department, but after creating Building department in 2020 we were all returned to Building department

S/No.	Projects Handled	Company / Rank	Year
2.	Post Graduate School Centre of excellence , Nigerian defence Academy, Kaduna	Celmeng & Associates Ltd /Resident Project manager	2013 - Date

**Remarks:** This project is one of the Central Bank of Nigeria financed projects for Universities and polytechnics. It is the largest building project ever to be supervised by myself. The project is a post graduate school comprising of an administrative block, an auditorium, a library, an academic syndicate (Lecture theatres), a five Floor hostel for students and service Buildings. The project is ongoing, while the Contractor is Messrs Afdin Construction Ltd.

S/No.	Projects Handled	Company / Rank	Year
3.	Nuhu Bamalli Polytechnic Zaria	Nuhu Bamalli Polytechnic Zaria/ Senior Lecturer	June 2006 – May 2014

**Remarks:** Employed by Nuhu Bamalli Polytechnic Zaria as a senior Lecturer in 2006, became the Head of the Department for about four years of two terms, Served as Resource person to some Polytechnics and Colleges of Education.

4.	Kaduna State Subeb Projects	Shelter Engineers/Senior Resident Engineer	2007/ Sept 2014
----	-----------------------------	--	-----------------

**Remarks:** The projects are jointly financed by the Federal and states Governments. The works includes; rehabilitations of Classes and Offices and Toilets for staff and students', Building classes in Red Brick walls and supply of Furniture in Nine Local Government Areas of Kaduna State, they include: Igabi, Birnin Gwari, Zaria, Sabon Gari, Soba, Giwa, Kudan, Makarfi and Ikara.

5.	Kaduna State University (KASU)	Multidesign Consultants/ partner	
a.	Conversion of Former Mortuary to Anatomy Dept.	Partner	2009-2011
b.	Conversion of Former Main Theatre to Administrative Block	Partner	2009-2011
c.	Conversion of Former X-Ray Building to Block of Offices	Partner	2009-2011
d.	Conversion of Former Ante-Natal Building to Multi Purpose Hall	Partner	2009-2011
e.	KASU Convocation Square	Partner	2011-2012

**Remarks:** The former Ahmadu Bello University teaching hospital conversion to Kaduna state University came with changes in the Building and facilities to suite the new status of a Hospital to a degree awarding institution. These conversions were made possible by a team of Consultants who designed those changes and the subsequent supervision to materialize the conversions to reality. Multidesign consultants took part and I was part of those transformations.

<b>S/No</b>	<b>Projects Handled</b>	<b>Company / Rank</b>	<b>Year</b>
<b>6.</b>	<b>Yobe State Rehabilitations of Girls Boarding Secondary Schools</b>	<b>Multidesign consultants/ partner</b>	
a.	Government Girls Technical College Potiskum	Structural Engineers	2009-2010
b.	Government Girls Secondary School Gadaka	Structural Engineers	2009-2010
c.	Government Girls Secondary school Ngelzarma	Structural Engineers	2009-2010
d.	College of Education Gashua	Structural Engineers	2009-2010

**Remarks:** These are projects initiated by the government of Yobe state to rehabilitate all Girls and Boys boarding secondary schools in 2009. A consortium of professionals who offered designs in Architecture, Structural Engineering, Mechanical and Electrical were briefed by the Commissioner for Education, who spelt out the intentions of Government of Yobe state to transform the Secondary Boarding schools to a more acceptable standard. Designs were presented changing the status of all Classes, hostels, dining halls, Libraries and the fencing and drainage of the schools.

We supervised our designs for Gadaka, Potiskum, Ngelzarma Girls secondary schools. But to the College of Education Gashua and Government Boys Boarding secondary schools Nguru only designs were offered as security situations started worsening.

<b>7.</b>	<b>Jigawa State Roads Construction</b>	<b>Multidesign consultants/ partner</b>	
a.	Malam Madori Birniwa Road	Senior Resident Engineer	2009
b.	Gujungu Township Roads	“	2009

**Remarks:** Multidesign Consultants were Consultants to two different Contractors who constructed a fifty nine kilometer road linking Malam Madori local Government Area to Birniwa Local Government with a two- kilometer spur at Khadi village. A town ship road at Gujungu which is up to five kilometers township road was constructed by the Government almost the same time.

<b>8.</b>	<b>Ecological Funds / Federal Min. Of Environment Projects</b>	<b>Company / Rank</b>	
a.	Design of Hayin Sauka/Rututu Erosion Control project, Tsafe LGA Zamfara State	<b>Kanya Consults/ Partner</b>	2008 - 2009
b.	Design of Banga Erosion Control Project K/Namoda LGA, Zamfara state.	<b>AM Consults/ Senior Resident Engineer.</b>	2008 - 2009

**Remarks:** These are projects in which I was out sourced by other Engineering Firms to help in design and supervision of Erosion Sites in Hayin Sauka – Rututu in Tsafe LGA, and Flood control in Banga town threatened by a nearby river and static lake

(Kududdufi) within the town nine kilometers southeast of Kaura Namoda LGA of Zamfara state.

The designs were completed in 2009 but the award of the Contract only came at the end of 2013. The projects were completed in 2014. These projects were interesting projects for the fact that they alleviate sufferings of the rural communities who ordinarily have not seen or heard of Government contributions to their lives.

9.	<b>Gombe state Government, Regional Water Supply and Airport projects</b>	<b>Company / Rank</b>	
a.	Gombe Regional Water Supply	Spick Associates Ltd/Principal Resident Engr.	2004 - 2006
b.	Gombe Airport project	Shehu & Partners Ltd/ Senior Resident Engineer	2006 - 2007

**Remarks:** A Senior Engineer and Chief Executive of Spick Associates Ltd invited me to help him manage a challenging project and the largest water supply project in the Country. I was the Principal Resident Engineer while he was the chief. It was a fifty million litres (50MLD) daily, water Supply project to Gombe town and its environs. The design were completed and contracted in 2001, but the Contractor has not achieved much as the construction was then at foundation stage for most of the structures. The Government decided to terminate the contract for both Contractor and Consultants and we were engaged.

We supervised the Contractor in the Construction of: 3 Clarifiers, Six Units Sand Filters, Chlorination chamber, Underground water reservoir, pump station. Pipe Laying from the Dam-Intake to the Treatment plant, Pipe laying from the Water Treatment Plant to the Tabra Pump station which is 34 Km, Pipe Laying From Tabra to High Level area (6km) for distribution to Gombe town.

After completing the Gombe regional water Supply project, a colleague handling the Airport project had to leave for Jigawa state to complete many Road projects he started, the principal partner of the Shehu and partners knew me and asked me to replace my colleague to complete the project which was at earthwork stage. I participated as a Senior Resident Engineer and completed the first phase as follows: The terminal Building, The control Tower, The runway foundation, Sub-Base course for the Runway, its Base course and stone base, before laying of the Binder asphaltic layer. We received president of the federal republic of Nigeria through that airport who came to commission the Gombe regional water supply and other land mark projects of the Gombe state government in 2006.

S/no	Projects Handled	Company / Rank	Year
10.	<b>Bauchi state Judicial commission of Enquiry in to Ministries &amp; parastatals</b>		
a.	Consulting Engineers for the commission on Roads & Bridges	Shelter Engrs/Senior Resident Engineer	2008- 2009

**Remarks:** The new Government of Bauchi state in 2007 led by Mal. Isa Yuguda instituted a Judicial Commission of Enquiry in to many aspects of Mal. Adamu Muazu led administration and we served as consultants to Roads and Bridges constructed between the periods of 2002–2007.

We reached out to all the local government area headquarters from Bogoro in the south to Katagum of Zaki local Government area in the north. We also visited small towns where bridges or some big culverts were constructed. We contracted Pavement evaluation unit of the federal ministry of works at Maraba-Jos in Kaduna to do the sampling of pavement thickness, cutting and parking of the roads sub-base and base courses samples for measurement. All samples collected were analysed and a comprehensive report submitted to the Government of Bauchi state. It was interesting exercises that help my knowledge of Road pavement evaluation, and highway engineering..

11.	<b>Nomadic Education Classes</b>		<b>Year</b>
a.	Education Classes for Nomadic Fulani in Forest Kachia, Kaduna south, and Bakori LG areas	Ultramodern Construction Ltd/ project coordinator	2003 - 2005

**Remarks:** These are classes of the nomadic Education Commission in Kaduna; they located the locations and availability of these nomads who essentially are Fulani's residing in a place called "*Forest*" in Kachia Local Government Area of Kaduna. Other notable areas of their residences include locations in Kaduna south and Bakori Local government area of Katsina.

S/No.	Projects Handled	Company / Rank	Year
12.	<b>Improved National access To Water Supply and Sanitation by Fed. Min. of Water Resources</b>	<b>Multidesign Consultants</b>	
a.	-Rehabilitation of hand Pumps Construction of Solar powered Bore Holes and tanks in all LG Areas of Jigawa State		
		Partner	2001-2003

b.	-Rehabilitation of hand Pumps and Construction of Solar powered Bore Holes and tanks in Daura Senatorial zone of Katsina State	Partner	2001-2003
----	--	---------	-----------

**Remarks:** The federal Ministry of water Resources announced to all interested Consultants who are water specialists to apply for its new programme of water sanitation and rehabilitation and our Firm was successful. We were assigned to supervise Contractors in the whole of Jigawa State, and Daura senatorial district of Katsina State. We supervised Contractors drilling new boreholes and erection of distribution tanks, as well as rehabilitations of all faulty hand pumps in almost all local Government Areas of our assigned areas. Distribution to deserving users too was part of the projects.

S/No.	Projects Handled	Company/ rank	Year
13.	Upper Benue River Basin Development Authority Projects		
a.	Bore Holes Development, and tanks for collection and distributions for Rural Communities in Zing, Ardo Kola, Gassol and Jalingo LG Areas of Taraba State	Multidesign Consultants  Partner	2001-2002

**Remarks:** Upper Benue River Basin Development Authority, in Yola Adamawa State, engaged our Firm in the Re-developing of many hand pumps and construction of new ones as well providing over head tanks, in areas that water is not only scarce but difficult to get for its people. These areas include Zing, Ardo kola, Gassol and some distant areas of the State Capital. The works completed under this scheme are still functional and the people are benefitting from those Government efforts in improving their water requirement and needs.

<b>S/No.</b>	<b>Projects Handled</b>	<b>Company/ Rank</b>	<b>Year</b>
14.	<b>Road Construction in Dogon Bauchi Road Sabon Gari LGA</b>	Bental Nigeria Ltd	1999 - 2000

**Remarks:** A construction Firm called Bental Nigeria was winding up due to the death of its Chief executive. The trusted managing director in the processes of winding up called on me to assist him in completing some major projects the company was handling, one of which was a surface dressed road of double coat at Dogon Bauchi Road Sabon Gari Zaria. It was a two kilometer road and the project was completed within three months. My assignment was only to complete that project.

<b>S/No.</b>	<b>Projects Handled</b>	<b>Company/ Rank</b>	<b>Year</b>
15.	<b>Mechanical Engineering Complex Fed. Polytechnic Bida</b>	<b>Samaru Construction Co. Ltd.</b>	1995 - 1996

**Remarks:** A four floor storey building project awarded to Samaru construction Ltd to construct a Mechanical Engineering department in Bida Federal Polytechnic, Niger State. It coincided with the time I enrolled for my Masters of Science degree in ABU Zaria. The Contractor didn't have qualified Engineers to oversee his project and so the Client threatened to terminate the Contract unless he employs a more qualified Engineer. His workers told him of my being his neighbour and pursuing my second degree. He appointed me to be on site from Wednesday afternoon after my Lectures in Zaria to Sunday afternoon every week. The project reached the last floor when I left them, after being transferred to another site in Abuja.

<b>S/No.</b>	<b>Projects Handled</b>	<b>Company/ Rank</b>	<b>Year</b>
16.	<b>Ten (10)Housing units for Sharia Court of Appeal Gwagwalada Abuja</b>	<b>Samaru Construction Co. Ltd.</b>	1996-1997

**Remarks:** Ten Housing Units of Two (2), six numbers, and Three (3), four numbers were awarded to Samaru Construction Company Ltd. The owner then transferred me to Gwagwalada Abuja to construct them as a project manager. The project was successfully completed in ten months and handed over to the Client, i.e. Sharia Court of appeal Abuja.

17.	<b>New Nigeria Construction Company NNCC LTD (NNDC subsidiary )</b>	<b>Company/ Rank</b>	<b>Year</b>
a.	Central Administrative .Block College of Environmental studies Kaduna Polytechnic Barnawa Kaduna	New Nigeria Construction Company Ltd (NNCC Ltd)/ Project Engineer	1990
b.	Central Admin. Block Federal University of Technology Makurdi	New Nigeria Construction Company Ltd (NNCC Ltd/ Ag. Project Manager	1990
c.	Ahmadu Bello University Teaching Hospital Shika Zaria	New Nigeria Construction Company (NNCC) Ltd/ Project Engineer.	1989-1993

**Remarks:** New Nigeria Construction Company (NNCC, A subsidiary of the NNDC) was my first training ground after graduating and serving under the National Youth Service Corp in Cross River/ Akwa Ibom States. I served in about four Sites under various project managers but Ahmadu Bello University accelerated presidential completion programme as ordered by the Federal Government of Nigeria was the most challenging. My project manager then was Late Ibrahim Isa Mani of blessed memory who died in Kebbi state while executing a project.

We were both posted to Makurdi to start a new project from ABU teaching Hospital Zaria. After about one and a half years, I was singly returned to Kaduna Polytechnic, College of Environmental studies to complete finishes of a completed framed structure I was called back to ABU teaching Hospital on completion of the assignment.

18	<b>Construction of Ikara Dam and treatment Plant</b>	<b>UCE Nig, Ltd/ Student Attachee.</b>	1984- 1985
	Construction of Dam and Treatment plant by the World bank in Ikara Local Government of Kaduna State.		

**Remarks:** United Construction and Engineering Nig. Ltd (UCE) is a Firm awarded to construct a dam and a Water Treatment Plant, in Ikara town of Kaduna State. The Client was the Kaduna state water Board. The Site became my permanent office whenever we are on any holiday, this is because the Resident Engineer from the State Water Board was interested in my training on water engineering, just like the owner of

the Firm handling the project has shown a lot of concern on my training on that site. It was an experience that has helped me during my career development in water engineeri

- ✓ I started politics as a student unionist in 1983, when we prod
