

NOTICE TO ALL STUDENT CONTENT CREATORS

Dear Students,

As we continue building the iSabiTV × KASU Creative Partnership, we kindly remind all participants to include both the iSabiTV logo and the KASU logo in every video, design, or digital content produced under this project.

Adding the logos helps to:

Clearly show that your work is part of the official partnership

Give proper visibility, recognition, and credibility to your content

Allow the university and iSabiTV to showcase and promote your creativity with full attribution

Please ensure both logos are placed neatly in a corner of your content (bottom left/right or top left/right).

Your cooperation keeps the project organized, professional, and impactful.

We look forward to seeing your exceptional work.

Thank you.

iSabiTV × KASU Partnership Team
