“KASU NO DEY CARRY LAST,” VICE CHANCELLOR CHARGES ATHLETES AHEAD OF NUGA 2025

The Vice Chancellor of Kaduna State University (KASU), Professor Abdullahi Ibrahim Musa, has charged the university's athletes to approach the upcoming Nigerian University Games (NUGA) 2025 with a winning mindset and a strong sense of purpose.

The games, which will be held at the University of Jos from November 5 to 16, 2025, were rescheduled from their initial April date and will feature over 18 sporting events.

Addressing the contingent before their departure, Professor Musa urged the athletes to remember that they are not only representing KASU but also serving humanity through sportsmanship and excellence.

He reaffirmed the university's vision of nurturing individuals who take responsibility for their personal growth, the development of the institution, and the upliftment of the wider community.

An accomplished sportsman himself, the Vice Chancellor, expressed “serious confidence” in the athletes' ability to win laurels, urging them to constantly remind themselves that they are champions.

Professor Musa also assured the University Sports Directorate of enhanced funding and improved welfare for participants, areas he noted, who had suffered neglect in previous years.

Speaking in support, the Deputy Vice Chancellor (Administration), Professor Muhammad Bashir Ali, described the renewed commitment to sports funding as a welcome development. He called on the athletes to reciprocate the university's efforts by giving their best performances and making KASU proud.

He further disclosed that arrangements had been made to address any examination related concerns for participating students, ensuring they would not suffer any academic setbacks.

Similarly, the Director of Sports, Professor Simon Daniel, highlighted the remarkable progress recorded in sports development under the current administration. He assured the university community of the readiness, fitness, and determination of the athletes to make history at NUGA 2025.
