### NAAT COMMENDS KADUNA STATE GOVERNMENT OVER PAYMENT OF OUTSTANDING SALARIES, ALLOWANCES

**K**aduna State Government has been commended for its commitment to staff welfare following the payment of outstanding salaries and allowances owed members of the National Association of Academic Technologists (NAAT) at Kaduna State University (KASU).

This commendation came when delegates of NAAT paid a courtesy visit to the Vice Chancellor of Kaduna State University, Prof. Abdullahi Ibrahim Musa, ahead of the forthcoming Northwest Zonal Meeting of the association, which KASU will host.

Speaking on behalf of the delegation, the NAAT Northwest Zonal Coordinator, Bamali Mukhtar Umar, expressed profound appreciation to the Kaduna State Government for approving and effecting the payment of long-standing salary and hazard allowance arrears, describing the gesture as a clear demonstration of Governor Uba Sani's worker-friendly and people-centred leadership.

He noted that the intervention by the state government had significantly boosted staff morale and reaffirmed confidence in the administration's commitment to fairness, equity and improved working conditions within tertiary institutions.

While acknowledging the supportive role of the university management in facilitating the process, the NAAT leader also applauded the Kaduna State Government for prioritising the welfare of academic technologists as critical contributors to teaching, research and innovation.

The Vice Chancellor, Prof. Abdullahi Ibrahim Musa, in his response, welcomed the NAAT delegates and commended the Kaduna State Government for its responsiveness to genuine staff welfare concerns.

He reaffirmed the university's commitment to sustaining industrial harmony and supporting policies that enhance productivity and institutional growth.

Also present at the meeting were the Registrar, Samira Balarabe Esq, and the Bursar, Hauwa Mohammed Dalhatu, who both appreciated the state government's intervention and described it as timely and impactful.

The NAAT delegation included representatives from several universities across the Northwest zone.
